Our Plans: Standard, Tradition and Value

We offer a variety of plans to fit your clients' needs and budget. Standard, Tradition or Value—all provide easy access to affordable, superior care.

Standard plans have the classic “deductible first” design that your clients will find familiar. In other words, most of these plans have a deductible that members must meet before CareConnect starts to pay for covered, medically necessary health services. After members with the plans meet their deductible, they are responsible only for cost-sharing, which can take the form of copays or coinsurance. (Standard Platinum plans are an exception to this rule. With a zero deductible made possible by higher premiums, Platinum plans offer members a way to spread their medical costs more predictably over the year. Members receiving covered, medically necessary services are responsible only for cost-sharing.)

Tradition plans offer “first dollar” coverage. Members need not meet a deductible before CareConnect will start covering doctor visits; instead, they are responsible only for cost-sharing. Members do have to meet a deductible for inpatient or outpatient hospital care and for ambulance services; they also have a small, separate deductible for pharmacy costs. After these deductibles are met, members are responsible only for cost-sharing.

Value plans serve the needs of clients looking for simplicity. New for 2016, this product line is designed to be one of the most affordable in the marketplace. Value plans have a deductible; after it is met, members are responsible only for coinsurance and for some services have no cost-sharing at all. Members are also entitled to two no-cost PCP visits each plan year, in addition to preventive services.

Benefits: The Basics

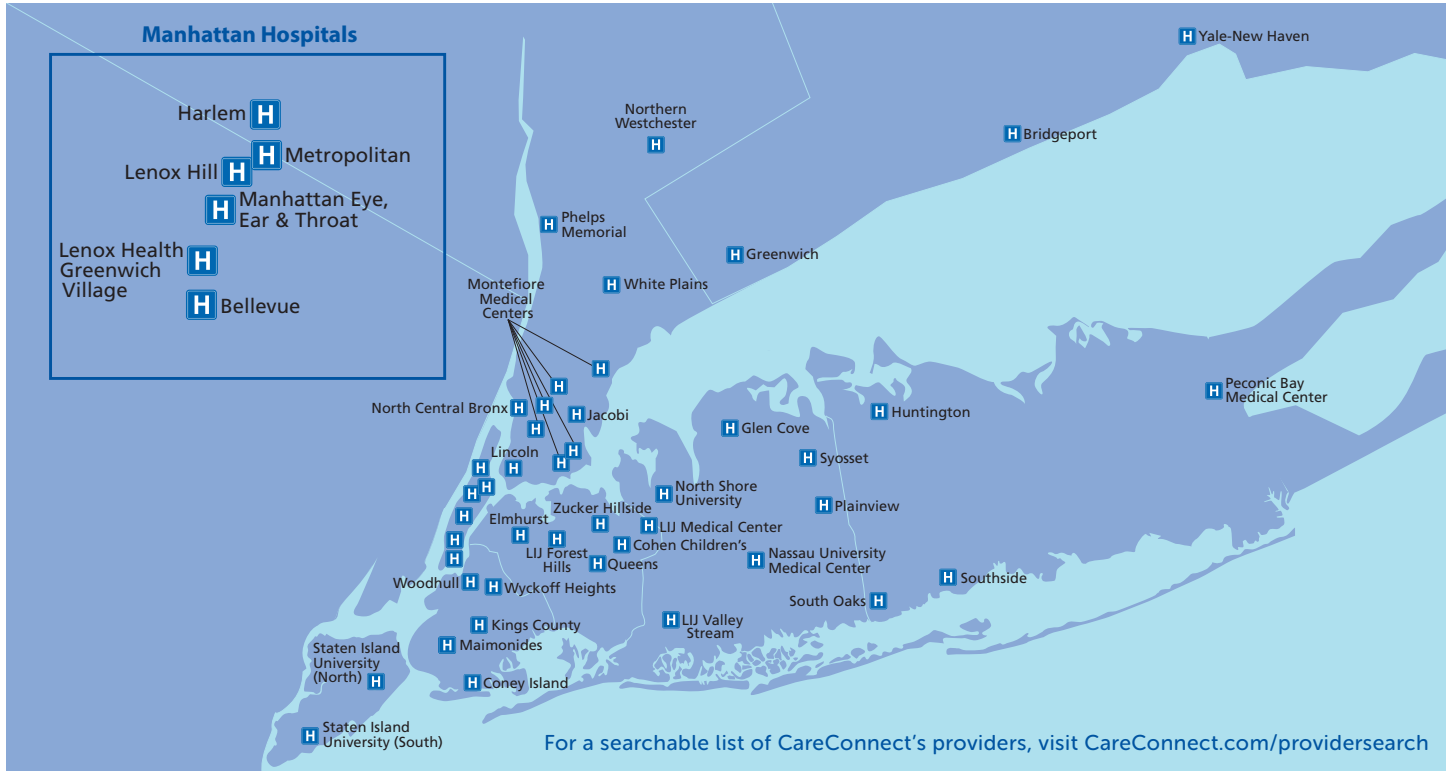

Copay: An amount that members are required to pay toward the cost of a covered service (like a doctor's visit) after their deductible has been met. The copay is usually expressed as a fixed dollar amount—say, \$15 or \$25.

Coinsurance: A percent of the bill for a covered service that members are required to pay after their deductible has been met. After a member pays the coinsurance, CareConnect is responsible for the rest of the bill for the covered service.

Deductible: The amount members are responsible for paying for covered medical expenses each policy period before CareConnect starts paying. The amount of the deductible depends on the plan the member has selected.

After the member meets the deductible for a policy period, we will take care of the bill for covered services, although the member may have to pay a copay or coinsurance. If services are not covered by the plan, the member must pay those costs out of pocket, and they do not count toward the deductible.

Maximum Out of Pocket: The maximum amount the member has to pay toward covered services during a policy period, including deductible, copays and coinsurance for covered services. After the member pays the Maximum Out Of Pocket (MOOP), CareConnect will pay 100% of the cost of covered services. Out of pocket payments for services not covered by the plan do not count toward the MOOP.

Sales Representative			

The undersigned hereby requests that CareConnect Insurance Company, Inc. accept the Broker or Agent named above as an authorized person for purposes of processing any enrollment transactions for my CareConnect Insurance Company, Inc. policy. This authorization shall be effective immediately and shall remain in place until it is expressly revoked by me in writing. Further, I agree that I will be bound by the actions performed by the herein-named Broker or Agent pursuant to this Consent Form. Additionally, I agree that this Consent Form does not authorize anyone to receive individually identifiable health information about me. I acknowledge that I must notify CareConnect Insurance Company, Inc. in writing to void this agreement in the event of a change in my Broker of Record.

Any person who knowingly and with intent to defraud any insurance company or other person files an application for insurance or statement of claim containing any materially false information concerning any fact material thereto, commits a fraudulent insurance act, which is a crime and shall also be subject to a civil penalty not to exceed \$5,000 dollars and the stated value of the claim for each violation.
